Enclosures:

No. A.3.5252/45 dated 21st March 1946.

Sir,

LABOUR DEPARTMENT-Education-South Kanara District-First Aid Training to Labour School Teachers and Medical Inspection of pupils-Proposals-Sanction of.

***

The District Advisory Committee of the South Kanara District, at its meeting held on 29-9-45, resolved that annual medical inspection of the Labour Schools children be introduced, and that the Labour School teachers be given Training in First Aid & Health matters to enable them to be useful to the people in the places where they are employed. The Collector of South Kanara forwarded the resolution recommending that necessary steps be taken in the matter. He states that the District Medical Officer has agreed to give the Labour School teachers necessary training in First Aid and Health matters through the Medical Officers in charge of Government Hospitals and Local Fund dispensaries at the several centres in the district, free of cost. The teachers will have to attend six lectures and then sit for an examination. The Labour Schools in South Kanara District will have their summer vacation from 14-6-46 to 13-7-46 and the Collector considers this a convenient time to depute the teachers for such a training in accordance with a programme to be drawn up in consultation with the District Medical Officer and other Medical Officers concerned. The expenditure involved in the proposal is estimated as follows:-

Travelling allowance and daily allowance to 34 teachers.	Rs.300-0-0
Fee for certificates at 0-8-6 for 72 teachers:	38-4-0
Cost of equipment for 72 teachers at Rs.3/- per teacher.	216-0-0
	554-4-0
Miscellaneous expenses.	20-0-0
	574-4-0
or Rs.	575/-

2. The Director of Public Instruction, Madras who wa consulted in the matter, states that the First Aid Course as propos may be arranged for and that no separate arrangements need be made medical inspection of the pupils as in the Labour Schools as the question of arranging for such inspection of all elementary school is under consideration.

3. The proposal to get the Labour School teachers t in the First Aid and Health matters appears to me to be ~~served~~ cou I therefore request that the Government may be pleased to approve proposal and sanction an expenditure of Rs.575/- for the purpose. The scheme, will be confined to South Kanara District District in first instance as an experimental measure and if it is found usef then, it may be extended to other districts gradually.

4. The amount of Rs.575/- when sanctioned will be included in the Revised Estimate for 1946-47 under "47.Miscellaneo

Labour dept - Education - South Kanara district - Labour school teachers Training in First Aid and Health matters - Proposal -

CNO 1846 P/46 - From the Govt No. A.3.5252/46 dated 21.3.46

The South Kanara District Advisory Committee passed a resolution on 29.5.45 that labour school teachers in that district may be trained in First Aid and Health matters in order to enable them to give medical aid to the pupils in places where they are employed. The Govt request sanction for an expenditure of Rs 525/- for the purpose. The D.P.I. has no objection to the above training and states that no separate arrangement need be made for medical inspection of the pupils in the labour schools as a proposal to arrange for such inspection in all elementary schools is under separate consideration. It appears unnecessary to train teachers in First Aid and Health matters so long as they are not to be engaged to give medical aid to the labour school pupils please see G.O. above. The file may be sent to the P.H. and Kinance dept for remarks.

(B.2.)

for elementary schools

The revised syllabus provides for the teaching of "first aid" as an optional subject in lower elementary schools. The training in question will be useful for teachers both imparting instruction in the subject and for rendering medical aid to pupils.. But it will not, however, equip them to conduct any kind of medical inspection. As suggested by the D.P.I., separate arrangements are being made for medical inspection of pupils as part of the Post War Plan. There is, therefore no objection to the proposed training being given to the teachers.

The file may be passed on to Finance Dept.

Please see the proposal of the Commissioner of Labour to train the labour school teachers of S. Kanara in first Aid. The extra cost on the proposal has been estimated as Rs. 575. At present the scheme is to be limited to the District of S. Kanara. It will be extended to other districts only if it is found useful. This dept need not object to the proposal, if PWD. meant to introduce it. As similar expenditure does not appear to have been incurred in the past, the proposal if sanctioned will have to be treated as a "New" Service. PWD. will have to take orders in full circulation and include provision for it in the budget estimates for 1946-7 for the Department. After this grant in the course
